Lucky Spot!

Find it and take a photo!
Lucky spot in the shopping street.

Two manekineko beckoning cats are hiding in the Gotokuji shopping street and Yamashita shopping street. Snap a pic with them for good luck!

What are Manekineko beckoning cats?

These are traditional Japanese good-luck charms for bringing happiness and prosperity. Raising their right paw is said to bring money and good fortune, while raising their left paw entices people (customers).
